FACT Corporation Reports Significant Revenue Growth for Fourth Quarter 2006

.....

Neptune, N.J. - (Business Wire) – January 9, 2007 -- FACT Corporation (OTCBB:FCTOA), an independent nutrition solutions company, today announced a significant increase in revenue for the three months ended December 31, 2006. Core-business operating revenue for the quarter rose to near \$930,000—up 280% over comparable year-ago results.

Sales for the quarter also exceeded the total for the first nine months of 2006. Operating revenue for fiscal 2006 should be near \$1,780,000, a 150% increase over comparable 2005 results. The Company expects to show a greatly reduced net loss for 2006 compared to 2005.

Sweet-goods (brownies, muffins and cookies) category sales for 2006 totalled near \$970,000--an increase of more than 10 times sales reported in fiscal 2005 for the same category. This was due to the roll out of two new product lines during the second half of this past year.

"I am pleased to see continuing strong improvement in our financial outlook," said CEO Jacqueline Danforth. "Our revenue jump this past quarter reflects rapidly-improving results from our core business operations. We are poised for accelerating growth in 2007 as we initiate further product expansion and category diversification."

FACT intends to file its 2006 Annual Report, with audited financial statements, prior to March 31, 2007.

About FACT Corporation

FACT Corporation develops, licenses and markets proprietary nutrition solutions to commercial customers through its wholly-owned subsidiary, Food & Culinary Technology Group Inc. ("FACT Group"). FACT Group serves commercial bakery operators that manufacture and distribute functional baked goods (such as muffins, bagels, cookies and brownies) designed for a rapidlygrowing consumer marketplace focused on quality, taste and nutrition. These products are marketed via both conventional and alternative distribution channels, including branded and private-label retail opportunities, as well as foodservice and specialty markets.
