**FACT Corporation Updates Retail Distribution Growth for Glennys' Brownies and Blondies; Walgreens Now Among Leading Retailers Carrying the Popular Multi-Flavored Snacks**

.....  
**Neptune, N.J. - (Business Wire) – July 24, 2007 --** FACT Corporation (OTCBB:[FCTOA](#)), a specialty nutrition solutions provider to the North American baked-goods industry, today announced increasing retail distribution for Glennys' line of delicious, all-natural, 100-calorie blondies and brownies, which are manufactured using FACT's customized proprietary bake mixes.

"Glennys is doing a super job introducing these fabulous, health-friendly treats to new retail locations across North America," said CEO Jacqueline Danforth. "With the addition of Walgreens to a growing list of retail channels for the products, FACT hopes to see significant revenue growth from this exceptional snack food line as consumers have greatly increased access to the products."

In addition to Walgreens (National), retail locations for Glennys' 100-calorie blondie and brownie products now include: Foodtown (New Jersey), Stop & Save, Shaw's and Hannaford Markets (New England), Acme Supermarkets (Northeast), Earthfare (Southeast), Ukrops (Virginia), Bulk Barn (Canada), King's, Fairway Markets and Greenfield's Shoprite Supermarkets (New York), Vitamin World (National) and Vitamin Shoppe (National).

**About Glennys'**

**Glennys'** started back in 1979, when Glenn lugged 50 lb pails of syrup on the subway from Chinatown to make the first batch of **Glennys' Brown Rice Treats**. It's been one exciting product after another ever since! **Glennys' Soy Crisps** are now the #1 selling **soy crisps** in drugstore chains across the U.S. **Glennys'** continues its tradition of developing and providing the consumer with unique products that taste great and help achieve a healthier lifestyle.

**About FACT Corporation**

FACT has been engaged in the healthy lifestyle market since 2002. Operating through our wholly-owned subsidiary, Food & Culinary Technology Group Inc., we develop and market customized nutrition solutions created specifically for the North American baked-goods industry. We are a functional content provider. Our core products are proprietary specialty bake mixes, which we sell to commercial producers who use large quantities of our mixes to manufacture popular, health-friendly packaged baked goods. These items target a rapidly-growing, increasingly-sophisticated consumer marketplace focused on quality, taste and nutrition.

Our customers market their finished products (foods we all love to eat, such as bagels, brownies, muffins and cookies) through both conventional and alternative distribution channels, including branded and private-label retail opportunities, as well as foodservice and specialty markets.
